

In South Bay:

Hearing On Taxes Tonight

SOUTH BAY — Local freeholders will have a chance tonight to air their views on whether they want a tax millage increase or no street improvements this coming year, when City Council holds an adjourned meeting at 7 o'clock at City Hall.

Following presentation Monday night of an estimated budget of \$40,000 for the 1955-56 fiscal year, by City Clerk Alvin Crow, Mayor S. J. Fisher and Councilmen William Jeffries, I. P. Roberts, and F. W. Kelley considered the merits of raising the present millage of 3.15 to 5.

Protests were voiced by a group present at the meeting, including M. J. Hardy, R. R. Roadman, O'Neal Walker, Gordon Bowen, and C. E. Crichtfield. Bowen said he thought most South Bay property owners were "pretty well satisfied" with the town as it is. Crichtfield asked why the town didn't maintain one police car, for use alternately on the night and day shifts, instead of two.

2 Yrs. Penny-Pinching
Jeffries pointed out that Council had been "penny-pinching for two years . . . we can't go on with street work without more money." The budget presently shows anticipated revenue of \$37,000, and millage will have to be upped to get the \$3,000 which Council estimates as the minimum needed to complete present street repairs and build any new ones.

Ben Austin was appointed chief of police for the duration of the term of R. C. White, suspended chief. He will take on these duties in addition to his present work as city maintenance and water department supervisor. His salary was increased to \$300 while he serves in the triple capacity pending the election of a new chief in October.

Also at the regular Monday night meeting, building permits were approved as follows: Hector Ouellette, \$12,000, house; Norman Dalrymple, \$1,500, house addition; Baily Bros., \$2,000 to move present store to rear of lot and \$8,000 for erection of a new store.

Dade Battlefield State Park takes its name from a famous Indian fighter. It is located in Sumter County which was named for a famous Revolutionary War warrior.

In Belle Glade:

'56 BUDGET BALANCED

BELLE GLADE — Adoption of a 1955-56 balanced budget of \$359,709, and defeat of a move to name as city fiscal agent Colin English, representing the First Securities Co. of Florida, were major actions of City Commission in its regular meeting Wednesday night.

Mayor Walter Ashley and Commissioners H. O. Carlton, Z. T. Ingram, Herman Close, and Eugene Ellis adopted on first reading the budget of \$359,709 presented by City Manager Clarence Robinson. The water department budget adopted was \$119,400.

The new budget, for which requests totalled \$371,610.86, was pared to stay in balance, and the millage will remain at 15, with no rise needed, the city manager reported to Commissioners. The budget is up over last year's which totalled \$345,572.40.

Ups and Downs

Among increases and reductions in the new budget, which becomes effective Oct. 1, are an increase for street lights and signs and traffic lights from \$6,000 to \$9,694; engineering, up from .00 to \$1,000; small increases in police, recreation, jail and fire budgets; increase in advertising from \$4,550 to \$6,508; reduction in street department salaries paid from \$18,198 to \$15,727, and a building department reduction from \$6,499 down to \$5,125.

English appeared with First Securities' offer to act as fiscal agents to handle the proposed \$200,000 recreation bond issue, and the forthcoming water and sewer bond issue which is expected to total around a million.

C-C To Act On Cleanup Drive

PAHOKEE — The Pahokee Chamber of Commerce this week was planning action through its beautification committee to cooperate in September with the statewide "Clean-up, Paint-up, Plant-up" month proclaimed by Gov. Leroy Collins.

At the next board meeting, to be Tuesday night, Sept. 6, because of Labor Day, beautification committee work will be activated, according to President M. P. Stanley.

C-C Secretary Mae Pope reported this week that her office had been a frenzied scene as the Chamber endeavors to help families moving to the area find houses and apartments.

FREE WATER-SKI SHOW is planned for Sunday at 3 p.m. at Belle Glade dock near Slim's Fish Camp. Coach Hector Ouellette has been coaching a group of local skiers, who will jump and ride discs during the show. Part of group includes (l-r) Johnnie Miller, Frank Sheffield, Mary Belle Schlechter, Irma Stein, Marianne Womack, Liska Humphries, and Barbara Wedgworth. Farmers Adding To Soc. Sec. Rolls

Hundreds of farm operators in Palm Beach, Martin, St. Lucie, Indian River, Okeechobee, Glades, and Hendry counties have already indicated they expect to pay at least one hired hand \$100 or more in cash wages this year, R. C. Gehrken, jr., district manager, Social Security Administration, West Palm Beach, said this week.

Any farm worker paid \$100 or more in cash wages in a year by one farm operator has been covered by social security since January 1955. Coverage of farm workers is based on annual earnings; therefore, it is necessary for farm operators to keep a record of earnings of each employee he expects to pay cash wages of \$100 or more, Gehrken said.

He suggested that any farm operator who has hired hands to whom he expects to pay \$100 or more cash wages should contact the Internal Revenue Service or the Social Security office to be sure of getting needed information.

SOUTH BAY — A burning rubbish pile at South Bay Growers spread rapidly and consumed between 200 and 300 field crates before being brought under control by the fire department on Tuesday morning.

In Pahokee:

Bulk Oil Plant Up Again (Yet)

PAHOKEE — The dormant issue of whether City Council should spot-zone a new bulk plant into the theatre and school area of downtown Pahokee stirred to life again this week, and a public hearing on the hotly disputed issue has been set for the night of Sept. 12.

Nearly two months ago Council asked for a letter from the Florida Inspection and Rating Bureau assuring no fire insurance rate increase to propertyholders in the proposed bulk plant area on E. Main St.

Monday night, Councilmen R. B. Simonson, J. H. Wilkinson, jr., Blanche Armstrong, and George H. Tucker, jr., officially received the requested letter. Previously, that body had indicated it would approve the zoning change from commercial to industrial to permit the plant location, if the letter was forthcoming. In the two months since that decision, public opposition has grown considerably.

Crosby Opposed

R. O. Crosby's hearing for rezoning to commercial certain lands he holds near the Negro school was held at the Monday night session, and in the face of strenuous opposition, continued until Oct. 24.

Appearing against the rezoning to permit commercial building on the Crosby land were County Superintendent of Public Instruction Howell Watkins, School Board Member Thurmond Knight, and School Trustee A. R. Harrington. Knight asked that decision be deferred, at the school board's request, until the condemnation suit against Crosby is settled in circuit court, and whatever the

SCHOOL REGIS. DAYS, TIME SET

PAHOKEE — Registration in Pahokee schools will be next Monday and Thursday, Principal Clyde Canipe said this week.

First grade registration will be Monday, and all other grades will sign in Thursday, according to Canipe. The cafeteria will open and the first full day of school will be held Friday.

The Pahokee faculty list this semester includes Fern Frank, Evelyn Minarch, and Doris Lane as new elementary teachers; Edith Kiefer, Barbara Myatt, and Donald Robinson, new in the high school.

SPACE SHORT AT BGHS

BELLE GLADE — A shortage of high school classroom space, pending completion of the new wing about Jan. 1, 1956, will result in some classes being held in study hall, activities room, the gym, and miscellaneous spots, Principal F. O. Hobson said this week.

The eighth grade will attend school in the high school building during the coming semester, adding to the overcrowding. However, by the spring semester's start the six-room addition will be completed and classes all settled once more in rooms, Hobson said.

Registration for the new school year will take place as follows, according to Hobson: first grade students will register at the elementary school on Monday from 8:30 to noon.

Children must have and bring a birth certificate, and must be six years of age on or before Dec. 31, 1955, Hobson reminded parents.

Students who will be seniors this year will register at the high school on Tuesday from 8:30 to noon, boys in Room 5, and girls in Room 7. Those who will be juniors will register on Tuesday from 1:15 to 3:30 p.m. at the high school, boys in Room 5 and girls in Room 7. On Wednesday, 10th grade students will register between 9 a.m. and noon, boys in Room 5 and girls in Room 7.

All others will register on Thursday, beginning at 8:30 a.m. Grades two through five will register at the elementary school; six and seven at the junior high school, eighth graders in the high school gym, and ninth graders at the high school, boys in Room 4 and Girls in Room 6. Besides those from grades two through nine, any who should have registered earlier and have not done so may register on Sept. 1, Hobson said.

WASHINGTON NEWSLETTER

By Sen. George Smathers

WASHINGTON — Since Senator Smathers, along with his family, is enjoying a short and much deserved vacation in North Carolina away up in the cool mountains—this issue and the next will be written by his staff.

Washington is rather quiet these days—due to adjournment and also the transit strike which still goes on . . . and also aided by the warm, humid weather, and Hurricane Connie and her heavy rains—all of which induces folk to sit by their air conditioners, fans, and television sets rather than venturing out in the heat and heavy traffic.

Although Congress has adjourned, committee meetings and hearings at a standstill . . . our work here in the office still goes on at full pace and we are as busy as usual.

The Senator will open an office in Jacksonville in the Federal Building in early September and the travelers going there will be Scott Peek, Juanita Thomas, Helen Gilles, and Ruthie Garst. Jim Powell will join them also at that time. The Washington front will be manned by John O'Keefe, our Legislative Assistant. Most of the problems and cases having to do with administrative agencies, such as those concerning veter-

ans, the military, Civil Service, Social Security, passports, immigration, and others will have to be handled in the Senator's name here in Washington.

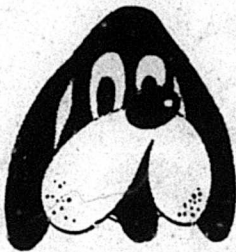

This has been one of our busiest sessions here in Washington. Perhaps this will give some idea of the volume of work we have had as of August 1st: mail, outgoing (500 daily) approx. 150,000; mail, incoming (300 daily) approximately 80,000.

AIRPORT IMPROVEMENTS: It was good to learn that a number of airports in Florida have taken advantage of the available matching funds under the recent Federal-Aid to Airport Bill. We shall look forward to improvements at the following locations: Hillsborough County, International Airport, \$85,000; Monroe County, Meacham Field, \$85,000; Pinellas County, International Airport, \$20,000; Bay County, Fanning Field, \$21,790; Orange County, Orlando Municipal Airport, \$15,000.

ROTARY HEARS OF MATS FROM AFB CAPTAIN

PAHOKEE — Capt. Louis J. Sacane of Palm Beach Air Force Base was speaker at yesterday noon's Rotary meeting, and showed a film on the Military Air Transport Service — "MATS."

Captain Sacane, who has introduced by Lynn Hunter, said that more than 14,000 men have been trained since PBAFB, then Morrison Field, was reactivated in 1952. John Dulany presented the Rotary trophy to Jimmy Lee Hoyle as outstanding line-man of last year's Blue Devils, and Hal Rosenberg, recognized by the Lions for outstanding backfield work, was introduced.

Nothing like a new hide-out to give a lady dog a lift.

Last Saturday I had quite a to-do made over my hide-out, and I enjoy the effects even now, back among the inkpots.

It started as Boss No. 1 was driving Lisa and me to Palm Beach. We were scratching our ears and nipping at fleas until, like the psychiatrist, she turned to us and said "Please! Don't brush 'em off on me."

By the time we reached West Palm Beach, the boss was scratching, too, muttering to herself the while, and I didn't think she looked very ladylike as we rode in state into Palm Beach.

Suddenly the car stopped with a jerk and the boss chuckled evilly. "Ladies," she said, reaching for us—"Come weath me."

Boosted through a plate glass entrance, we heard the patter of tiny feet. I looked. Lisa looked. Then our eyes traveled upward and met two beady little bulbs staring out of a grizzled face . . . with whiskers, yet. A lady fluttered up and introduced us. This, she said, was Mikie. He was something called a "French poodle."

All I thought is he must have been in a clipoint recently.

He had, as it turned out—the joint we were in. The awful truth dawned on me when the fluttering lady said to Boss No. 1 that here there was no discrimination—they would take anything smaller than a calf on four feet. Her tone implied that our character references would shortly be checked, since we weren't French poodles.

When she told the boss they certainly would remove the pests, I thought the end was near.

It wasn't quite as bad as I thought. What she really meant, it turned out, was that Lisa and I would be deloused. Also scented. I thought we already were scented because Boss No. 2 never fails to state, when we are in the car, "This place smells like a kennel."

Anyhow, we had our baths (in perfumed rinse water), were powered, manicured, and had our ears probed and prodded.

I was in a surly mood, having had to bare my remaining teeth at the lady to keep her from putting (excuse the expression) nail polish on us after the clipping. "Raus!" I growled—and she scuttled away hastily.

But I had to admit to feeling pretty clean and freshened up, and strolled among wide-blue collars . . . for poodles, lace pillows . . . for poodles, and funny hats . . . for poodles.

Joys of joys, the lady arrived with food (the boss had obviously forgotten to tell her we'd already had our day's slim meal)—and it was lamb, cottage cheese, and Triscuits. I knew right then the French poodles were in the right racket.

Kind of think I'd like one of those fancy wide collars—with maybe a plaid leash to go with it.

HOLLAND FOR PRESIDENT? There is a plan afoot here to make Senior Senator Spessard Holland Florida's favorite son for President when the Democrats meet to name a candidate in Chicago next Aug. 13. As far as we know, the Senator doesn't know about these plans yet, but here is the story behind the strategy:

Florida will have 10 votes at the convention; one for each senator and representative in Congress. If these delegates go there pledged to Stevenson or Harriman or somebody else, we could easily sit by our television sets and see our votes wasted hour after hour. We could even have a split delegation; that is, some pledged for Stevenson and some for Harriman—thereby cancelling our own votes.

Those behind the scheme to name Holland as a favorite son say that it will put Florida in a strong bargaining position and will let the nation know that Florida is becoming a state to be reckoned with. They point out that our delegation is one of the strongest in Congress because the members stick together on legislation beneficial to the state.

Besides, they say, it will give our delegation complete freedom to make up its collective mind after they see how things are going at the convention—an advantage which will put them in the forefront of all voting negotiations.

FIRST CHURCH OF CHRIST, SCIENTIST, Belle Glade CHRISTIAN SCIENCE GROUP, Canal Point

The way to health and holiness, of dominion over fear and sin which Christ Jesus came to teach, will be emphasized at Christian Science services Sunday.

Scriptural selections in the Lesson-Sermon entitled "Christ Jesus" will include the Master's healing of the servant of the high priest as recorded in Luke's Gospel (22:50,51): "And one of them smote the servant of the high priest, and cut off his right ear. And Jesus answered and said, Suffer ye thus far. And he touched his ear, and healed him."

Correlative passages to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include the following (54:10-17): "That he might liberally pour his dear-bought treasures into empty or sin-filled human storehouses, was the inspiration of Jesus' intense human sacrifice. In witness of his divine commission, he presented the proof that Life, Truth and Love heal the sick and the sinning, and triumph over death through Mind, not matter. This was the highest proof he could have offered of divine Love."

Rev. Robert Chung, of Riviera Beach, native of Seoul, Korea and veteran of 30 years of missionary and evangelistic work in Korea will be guest speaker Sunday morning at First Methodist Church of Pahokee.

His daughter, Ruth Chung, music graduate of the University of Cincinnati Conservatory of Music will sing a solo. Now a naturalized American citizen, Rev. Talent Scouts

BELLE GLADE — Mary Helms was unanimous winner of top place in the grand finals in Malcolm Millar's Talent Scout show at the Hugo Theatre last Thursday night. Her two song numbers displayed a talent that could become a successful career.

Susan Allen offered a hula and be-bop number that gave her second place. Linda and Ramona Atkinson came in for third place. Other entrants were Jeanette Whittaker, Billy and Jimmy Cowart, assisted by Dean Alford, Bobby Dillow and Stanley Williamson, Jack Hemphill, Carolyn Chambers and the Everglades Band.

Pahokee Trash In Alleys

PAHOKEE — A plea to all residents to cooperate with city

trash pickup schedules by placing trash only in alleys was issued this week by Street Supervisor Marvin Cowart. "Do not place trash in the streets," he asked, emphasizing that pickups are made in the alleys only.

outcome, that business property should not be allowed in the school vicinity. He added that a junior high school is to be built, and that more acreage must be obtained under the law. Of the 13 acres needed to accommodate an anticipated 600 students, only five are in the board's possession, and eight more are needed.

Supt. Watkins said \$146,000 in new construction is planned if the land is obtained. Mayor Lewis Friend opposed the re-

zoning, he said, because the school is trying to improve its situation and should be given the opportunity to do so.

Other Actions

In other actions, Council: **PROMISED** Postmaster E. A. Jensen, complete cooperation to get home mail delivery which is in prospect for Pahokee;

APPROVED construction of a room 15 x 16 feet under the swimming pool for use of Boy Scout troops and a separate storeroom for Parks Supervisor Ruth Meredith, with \$100 guaranteed for the work from the Boy Scouts;

DECIDED to start replacement of the damaged and rusted-out City Hall windows;

INSTRUCTED Police Chief Leon Guthrie to enforce the abandoned car ordinance, hauling away wheelless vehicles as junk and petitioning the county judge to allow disposal of abandoned vehicles in running order;

ORDERED the start of foreclosure proceedings against residents who are delinquent in paying sidewalk assessments, following notification of offenders by City Attorney Ralph O. Johnson.

BUDGET —

(Continued From Page 1) dollars. If both issues were given to his company, English said, the interest rate would be 3½% on the recreation issue and 2¾% on the water and sewer bonds. Separately, water would be 3% and recreation 4%.

Ashley Against

Mayor Ashley said at the outset of the discussion which followed "I personally will not vote for any bond issue without the approval of the people of this city by referendum. I believe that proposals should be in writing and submitted to the Commission for study."

Carlton said that everyone was aware how long the swimming pool project (which would be included in the recreation bond issue) had been afoot in Belle Glade, that the city "has swimming pool fever and several other fevers, and the only way to cure it is to proceed." He moved that English be retained as fiscal agent to validate \$200,000 worth of recreation bonds pledging the 30-year Florida Power & Light Company franchise rebates, and to handle the water and sewage bonds when the matter comes up.

Ashley reiterated his views, and Roscoe Braddock said he

thought the matter of the bond issues was going too fast. "If we build a swimming pool, who's going to use it?" he asked. Ellis, who is chairman of the current swimming pool campaign fund, said he wants the swimming pool, "and as fast as possible." However, he said, "In fairness to all I believe we should have more than one proposal from fiscal representatives." Commission Candidate N. B. Willis pointed out that Commission had hired neither a city manager nor a city inspector from first applicants, but had talked to many persons before acting. "You're involving a world of money, and other fiscal agents may wish to submit bids," he advised.

Donations Enough

C. W. McDonald rose from the audience to opine that recreation bonds did not seem necessary at the present. "We can get a swimming pool from donations, as we are doing," he said, and pointed out that perhaps a bond issue would be needed more urgently later, for pool maintenance and improvement.

Candidate J. Marvin Unwin agreed with Ashley and Ellis, he said, and suggested that the city look into the availability of interest-free Internal Improvement Commission funds such as the City of Pahokee obtained to build its breakwater. Candidate J. H. Livingston, Jr. said he thought the usual procedures should be followed to discuss the bond propositions of several fiscal agents before designating one for the city.

Commissioner Close said that for eight years local residents "have tried to get money to build a pool, and you know how much has been raised so far. This is concerned with more recreation facilities that that one... there are other things needed. We can build one little thing at a time or we can get the money to provide facilities needed now." He seconded Carlton's motion.

On the vote, Ashley, Ellis, and Ingram voted against, Carlton and Close for. Carlton then moved that proposals of not less than three Florida agents be received by personal discussion with Commissioners, and that action be taken at the Sept. 14 meeting of the Commission.

Among other actions Wednesday night, Commissioners voted to lease "The Rambler" for a year from E. C. Lutz, at \$100 per month, as temporary community, youth, and recreation center. Commission also accepted the easement dedication of Bertha E. L. Braddock of a 3-acre area adjacent to the packing house district for a truck parking lot.

From where I sit... by Joe Marsh

After-Dinner Speaker Gets His "Deserts"

"Red" Thomas tells about a dinner party he and his Missus went to in Center City last week. He said it was a wonderful party—except for one guest who was a real "know-it-all," right from the start.

Whatever the subject, this fellow considered himself an "expert." Wasn't quiet about it, either. He told different people what automobile to buy, what books to read—even told some who they "just had" to vote for.

When it came time to leave, this fellow must've felt a pang of conscience. He turned to the host-

ess and said: "I suppose I was a bit outspoken tonight." Quickly she replied, "Of course not. No one could have out-spoken you."

From where I sit, it's all right to have opinions as long as you don't try to force them on neighbors. Take those who would deny me an occasional glass of beer simply because they prefer something else. They're welcome to their choice but shouldn't try to force me to be a "party" to it!
